ARBUCKLE UP FOR PRELIMINARY TRIAL

Movie Comedian Center Of Legal Battle To Avoid Trial For Murder

Wife Who Left Him
Once More By His Side
As "Fatty" Arbuckle
Faces Police Court

ATTORNEYS WAGE
SPIRITED FIGHT

Actor Now In New York
Tells Of Incidents At
Arbuckle's Famous
Los Angeles Party

San Francisco, Calif., Sept. 23.—Poscoe "Fatty" Arbuckle was fighting on his second line of defense today. He sat beside his pretty, big-eyed wife, Minta Durfee, and listened to his attorneys wrangle and struggle in the court room to prevent Police Judge Lazarus ordering him to trial before the Superior Court on a charge of murdering Virginia Rappe at Los Angeles, as an aftermath of his Labor Day party in a San Francisco hotel.

"Fatty's" famous baby eyes dimmed, and he turned his head away when a big photo of the body of the dead girl was handed to a witness for identification. Then he turned to his wife and she patted his hand and clinched his arm a little tighter. "Fatty" straightened up—he was fighting a life and death battle—and his first love, the girl from whom he had been separated for two years, was standing by him.

The evidence of the preliminary hearing was damaging to the defense. Doctors testified only one thing—external force, a blow or fall—could have caused the death of Miss Rappe. They described in detail the condition of her body. Their testimony was couched in medical terms, in brief they agreed the bruises found on the body were the result of a blow or struggle; that Miss Rappe was not suffering from an infectious disease as was testified at the inquest.

Actor Guest Talks

New York, Sept. 23.—Virginia Rappe was hilarious from the effect of liquor at Roscoe Arbuckle's party before the incident in Arbuckle's bed room which led to her death according to Lowell Sherman, who told the story of the drinking bout to District Attorney Swann yesterday. "The refreshments," he said "con-

Philadelphia Police Search For Girl Believed Kidnappers Victim

Philadelphia, Sept. 23.—(By United News)—Police here today were searching for Goldie Brodheim, 16, a store clerk, missing since last Saturday, and who is believed to have been kidnapped. The girl worked in a fur store and recently testified in court against two young women arrested on charges of shop lifting. Police said before she testified Miss Brodheim's brother was told she would disappear if allowed to testify.

She ignored the threat however, and testified against the women. The girl left her home to attend a movie show Saturday and has not been seen since.

Revision Of Corporation Income Tax Is Now Sought

Democratic Senators Introduce Amendment To Provide A
Sliding Scale Of Tax

Washington, D. C., Sept. 23.—Amendment of the corporation income tax, of the new revenue bill to provide a graduated tax, such as individual incomes bear, is sought in an amendment introduced today by Senator Walsh, of Massachusetts, and Gerry, Rhode Island, Democratic members of the Finance Committee.

In place of a flat 15 per cent tax on all corporation incomes, Walsh and Gerry would provide that corporations earning \$100,000 a year pay 10 per cent; between \$100,000 and \$300,000, 15 per cent, and over \$300,000, 20 per cent tax.

DRYS FORCE BEER BILL UP BEFORE U. S. SENATE

Consideration Of Tax
Revision Bill Is
Side-Track

RADICAL ACT

Washington, D. C. (By United News)—Consideration of the tax revision bill was delayed today when radical Drys forced the Senate to take up the anti beer bill.

Sen. Parsons, chairman of the senate finance committee declared he will make an attempt later in the day to get the tax bill before the senate. The vote to take up the bill was 32 to 23.

Nomination Of General Wood Before Senate

Washington, D. C., Sept. 23.—(By United News)—The nomination of Maj. Gen. Leonard Wood, of Massachusetts to be governor general of the Philippines was formally sent to the senate by Pres. Harding today.

Wood's nomination follows several months' investigation he made in the Philippines at President Harding's request.

WIFE OF DEAD NAVAL OFFICER REACHES U. S.

American Second In
Command Of ZR-2
Makes Report

New York, Sept. 23.—(By United News)—Mrs. Margaret Page Maxfield, widow of Commander Maxfield, who perished in the disaster of the ZR-2 at Hull, England last month arrived here today from Cardiff, Wales, accompanied by her two children.

Lt. Pennell, of Berkeley, Cal., arrived on the same boat and proceeded to Washington to report on the tragedy which cost 25 American lives and 23 British. He was second in command of the dirigible crew but not aboard on the fatal trip.

FLYING SQUADRON OF DRYS MOPPING UP PHILADELPHIA

Ten Special Agents Are
Trying To Enforce
Volstead Act

MAKE ARREST

Philadelphia, Sept. 23.—A "flying squadron" of ten special dry agents was in Philadelphia today in connection with the government's concerted effort to enforce the Volstead Act. The squadron is acting independently of the local dry forces.

First action of the special force was yesterday when they arrested one man; whose name was withheld, whom they charged tried to sell them a truck load of champagne.

THREE BRIDGES ARE CONDEMNED IN PHILADELPHIA

Philadelphia, Sept. 23.—(By United Press)—Three bridges, two over the Schuylkill river and the other over a railroad track were ordered closed to traffic here today by Mayor Moore.

The action came as the result of thorough investigation of all bridges in the city following the Chester disaster of two weeks ago in which 25 lives were lost. This investigation brought out, according to a subsequent report that the three bridges might fall at any minute.

DAUGHERTY MAKES REPORT ON CASE OF EUGENE DEBS

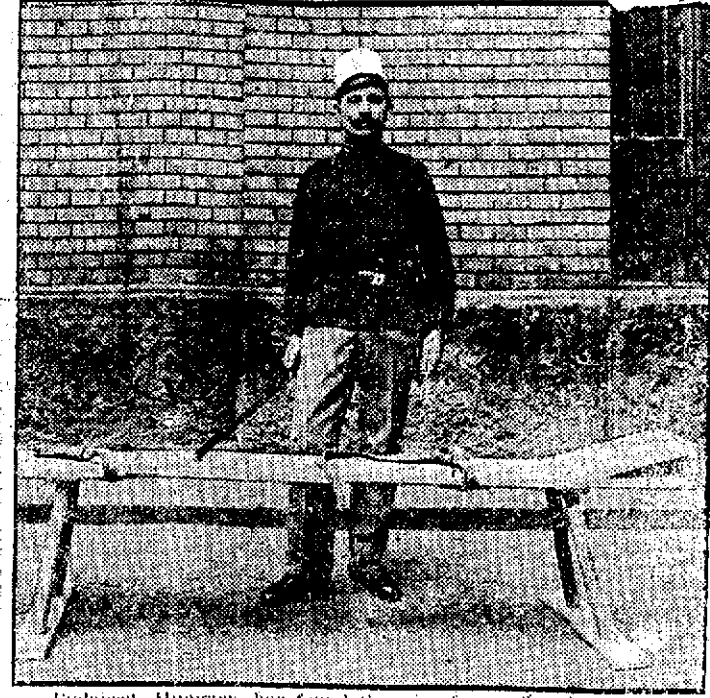

Washington, D. C., Sept. 23.—(By United News)—Attorney General Daugherty announced today that he had practically completed his report and recommendations to the president in the Debs case. The nature of the recommendation will not be disclosed until reviewed and acted on by the President.

MARRIED AT COURT HOUSE

Jesse Coudriet and Miss Martha Fenton, both of Clearfield, were married at the Recorder's office in the Court House Wednesday morning by Squire John M. Bain.

The Cure for Profiteering!

Bankrupt, Hungary, has found the cure for profiteering. When a man is convicted of profiteering in food and clothing or any of the necessities of life, he is strapped to this board and given a good old-fashioned tanning. In public, too!

British Reply To DeValera May Be Delayed For Week

Cabinet Is Considering
Nature Of Reply To
Be Made—Growth
Of Sinn Fein Camps
Is Cause Of Alarm

London, Sept. 23. (By United News)—Reports from Gairloch where the British cabinet is considering what reply Lloyd George should make to DeValera, indicate that the premier's answer may be delayed until next week in order that the differences of opinion with his ministers can be reconciled.

Dispatches from Dublin indicate hopefulness that Lloyd George's next message will be conciliatory. In Belfast however, the growth of Sinn Fein camps is causing some alarm. There are now 380 men at Seaford camp well equipped with arms. There are now 30 men at and motor lorries. They are conducting daily drills.

POST OFFICE AND STORE AT M'GEES MILLS ROBBED

The Post office and store at McGees Mills was broken into last night just before midnight. On arrival at the Mahaffey station a coal train engine was boarded by Dr. Rowles of Mahaffey who inquired of Engineer T. A. Peterson whether he had seen anybody with a sack on the track near McGees Mills. Dr. Rowles had learned of the robbery just a few minutes before by telephone. Engineer Peterson remembered seeing somebody along the track and believes he was carrying a sack. The amount of loot taken was very small and except for the fellow seen on the track there is no clue. It is believed that two participated in the robbery.

ABSENT WITNESS HALTS HOUTZDALE LIQUOR CASES

The Houtzdale liquor cases, which were scheduled for trial at this term of court were continued until next term when the Court and District Attorney Arnold learned that Burgess Soult, of Houtzdale, a very material but unwilling witness against both defendants had suddenly decided to attend to business matters in the Oklahoma oil fields. The testimony of Mr. Soult was considered vital to the case and when it was learned he had left Houtzdale there was nothing to do but continue the two cases.

JURY FINDS CHIEF OF POLICE HITT GUILTY IN ASSAULT CASE

T. J. GLEASON
WINS DEMOCRATIC
SHERIFF RACE

Charge Of Assault-
ing Girl Is Upheld
By Jury

Unofficial Returns Of
166 Precincts Give
Him 80 Majority

T. J. Gleason, of DuBois, won the democratic nomination for Sheriff at Tuesday's primary election, according to the unofficial returns available. The figures from 166 of the 108 election precincts of the county show Mr. Gleason leading John S. Chaplin, of Clearfield, 62 votes. The two districts yet uncounted are too small to make any material change in the total and Mr. Gleason will therefore be the Democratic nominee.

No figures are available thus far on the Democratic nomination for County Treasurer but judging from the few districts heard from the race for this nomination between Miss Gertrude Humberger, of Houtzdale, the Republican nominee, and John Laing, of DuBois, who were voted for by stickers and the writing of his name on the ballot, no Democratic aving filed for that office, will also be very close.

SWARM OF BEES MAKES THINGS PRETTY LIVELY

A late swarm of bees hopped onto a leaky molasses barrel down at the Pennsylvania station this afternoon and created quite a buzz of excitement for awhile. A bunch of the sticky footed honey stealers got tangled up in "Porry" Livingston's hair and "Lengthy" Pearce who went to the rescue of his fellow workman had a hard time driving the bees out of the brush.

"Wes" Lansberry and his pipe, loaded to the brim with Weyman's put up a stifling smoke screen which saved the day. The tobacco smoke sort of gassed the busy fellows and Pearce combed the sticky fellows out of "Porry's" thatch with a curry comb. It was "some time" while it lasted.

WILL BURY FORMER LOCAL GIRL ON SATURDAY

The remains of Mrs. Anna Wilson Sheldon, former Clearfield girl, who died Tuesday night at her home in Binghamton, N. Y., reached Clearfield last night.

The funeral will be held Saturday afternoon at 2 o'clock from the home of her mother, Mrs. C. G. Wilson, of Sixth street.

Rotarians Hear Report On Boy Scout Summer Camp--Pledge Assistance

The Rotary Club held its weekly gathering at the Hotel Jordan last evening and after listening to an interesting five minute talk by Roy Boyce on "The Friendships of Rotary," the Boys Work Committee reported on the financial condition of the Boy Scouts Camp, known as "Camp McPherson."

This camp, which is one of the finest in this section, was built this summer and the committee in charge reports a deficit of several hundred dollars. The camp is a valuable asset to Clearfield and it is expected and promised that the public spirited people of Clearfield, interested in young America will come to the front with the necessary funds to pay off the debt on the camp.

When the movement started the Rotarians agreed to see that at least two hundred \$5.00 memberships were sold to Clearfield people. As a result of a three day campaign at that time one hundred and sixty of these were secured and at last night's meeting the members pledged themselves anew to the securing of the remaining forty to complete the two hundred.

The committee appointed at last meeting to secure ten automobiles for the transporting of the Ambassadors of the Legion, at Pittsburgh reported they had secured the necessary machines.

The two young sons of Thornton Hile furnished some delightful music for the Rotarians during the evening.

NEWS OF OUR NEIGHBORS CURWENSVILLE

There will be a "Passing Show" at the Opera House, Curwensville, Monday evening, Sept. 16, 1921. It will be a big vaudeville show of home talent. One Hundred and twenty-five local people. Ticket sale opens at Murphy's Drug Store Saturday morning at 9 o'clock. Reserved seats, 75 and War tax. 9-22-2d ch

The borough schools closed down yesterday afternoon in order to allow all of the pupils who wished an opportunity to attend a session of the Juvenile Fair Wednesday being a bad day it is more than likely that the fair will be held on Saturday to make up Wednesday's financial loss.

Word has been received by friends from James Kerns, who resides in Montana, that he is enroute to his old home in Curwensville, making the entire trip by automobile. He expects to spend about a month in this vicinity. He owns and conducts a large ranch in Montana.

The recent heavy rains raised the waters in the streams sufficiently to remove all garbage and debris which had been dumped on the shores.

William Bartelli has closed a real estate deal which gives him possession of the dwelling house, owned by James Cleaver at the southern end of Walnut street and known as the D. S. Moore property. The purchase price was \$4000.

The marriage of Chas. I. Hipps, son of Mrs. Sarah Hipps, South Side and Miss Ada Kline, of Clearfield, was consummated at the Baptist church, Clearfield, on Wednesday, by Rev. M. Reese. The young couple will make their home at Dublin, W. Va., where the groom has a clerical situation with the Pocahontas Tanning Company.

H. O. King, who has been spending the summer months with his parents, Dr. H. O. and Mrs. King, will leave for Philadelphia Sunday to resume his studies at the University of Pennsylvania.

Sunday morning, Sept. 5, Rev. E. Caldwell, D. D., will give one of his splendid informal and inspirational addresses in the M. E. church. He spent many years in China and was a most successful representative in that country. He recently visited Africa and brought back with him a concise report of the Christian conditions of the dark continent. Every one, who possibly can, ought to turn out and hear his interesting talk and learn about some things which are but a haze to their memory at best.

Clay miners at Crescent Refractories brick plant managed to pick up four full days this week, something that they have been unable to do for a long time.

Today the Grampian Fair Association people are entertaining the old veterans of the civil war and giving them a free dinner in the bazaar.

WOODLAND

Burton Duffey, of Philipsburg, visited at his home here last week.

The game of baseball last Friday afternoon between Monument and the home team was very interesting. The stores, works and schools were all closed and the town in general turned out to see the game. The score was 7-6 in favor of Monument and was not won until the 9th inning. The score having been a tie of 6-6 for several innings. The Monument team is a fine set of gentlemanly players and the home team are very grateful to the people of town who helped them entertain them.

Aldy Miller and family, Mrs. Piker and two children, Mr. and Mrs. Stewart Williams, Mr. and Mrs. Callahan, Mr. Lyons and family and George Conly, of Monument and Wm. Harman, Mr. Christ and Mr. Yeager of Mill Hall, attended the ball game here on Friday.

Newlin Stewart, of Retort, played with the Woodland team here on

Friday. The Primary election on Tuesday passed off very quietly. Out of a registration of about 400 votes less than 150 voted. Voting is not only a privilege it is also a duty. Yet how many teach time fail to cast their vote and how badly they would feel if the privilege were denied them.

Mrs. V. G. Henderson and Mrs. Richard Eike were Clearfield visitors on Wednesday.

Mrs. Reed Barger was shopping in Clearfield on Tuesday.

Rev. J. F. Strayer of the U. B. church is attending the annual Con-

ference of the U. B. church at Johnstown this week.

A little baby daughter arrived at the home of Mr. and Mrs. Chas. R. Palmer on Sunday morning last. Both mother and babe are doing nicely and the little stranger has been named Vida Joyce.

It isn't often we hear of a man being run over by his own automobile but such was the experience of our townsman, H. C. Walker last Saturday night. Mr. Walker had reversed the car and got out to open the doors of the garage, when the car started forward, knocking him down and bruising him severely. Fortunately he was not seriously injured and was able to get around next day.

PASTORS OF FOUR STATES UNITED IN THEIR PRAISE

Four Ministers, Though From Different Parts of the Country, Have the Same Attitude With Regard to Nerve-Worth. They Write Letters Recommending It, and These Letters Offer Indisputable Evidence.

Nerve-Worth gives real results and is real medicine. It does not act as a mere stimulant, nor depends upon alcoholic stimulation to produce results. The ministers whose letters are reproduced below have tested Nerve-Worth, and found that it is really a preparation of highest merit, and because they know that it gives results and has real medicinal value, they recommend it to others. Nothing could be more convincing than a group of statements from gentlemen of the cloth. Read what they say:

Rev. Mr. Tate, Pontiac Ave., Dayton, Ohio.

"For five years I was in a very nervous condition," said Rev. Tate. "I couldn't find any relief, it seemed until I took a bottle of Nerve-Worth. I didn't have any nerve force to digest my food, I could eat only a few things. I was advised by doctors not to eat any cold lunches. Gas would form on my stomach, and cause terrible bloating, and my blood was also in very bad condition and my circulation poor. My legs would get cold and numb, and my hands would also get the same way. I am now nervous no more, and I can eat anything anytime. My stomach and digestion are in fine condition. I have no more bloating, my circulation is good and there is no numbness and cold feeling in my leg and hands. I am feeling fine, and have regained my health and vigor. Nerve-Worth changed everything."

Rev. H. Malone, Meadville, Pa.

"I was in a terribly run-down condition, had no appetite, and couldn't sleep. I was very nervous, and my stomach was bad. Gas would form

and cause a fluttering of the heart. In fact, I was almost all in. After taking one bottle of Nerve-Worth, I felt a change, and after taking the second bottle, I can cheerfully say I feel fine. As to my appetite, I can eat anything and everything. I am no longer bothered with fluttering of the heart. I am thankful for Nerve-Worth for the benefits I have received from it."

Rev. John T. Hickman, Salem, W. Va.

"I take pleasure in saying that as a general tonic, Nerve-Worth is the best I have ever used. I now sleep more soundly, my appetite is better, and my stomach is in better condition than ever before. No one needing a tonic should fail to give Nerve-Worth an honest trial."

Nerve-Worth does not contain any artificial stimulants to deceive the senses. It acts in a sensible way, but real medicinal value to give the desired results. Nothing could be better than the letters from the ministers above. If you suffer try Nerve-Worth. Give it a trial, and you will find that it will give you results. It is sold by Stevarts Drugga and all leading druggists everywhere. Buy one bottle, use it according to directions and if you do not feel that it is helping you, not buy a second bottle but ask for your money back. Nerve-Worth is now \$100 per bottle.

DUBOIS YOUTH IS FOUND GUILTY OF HIGHWAY ROBBERY

Harry Devine Found To Have Taken Man's Money

The jury in the case of Harry Devine, the DuBois young man, who was tried Wednesday on a charge of highway robbery, returned a verdict of guilty when court opened yesterday morning. The case was given to the jury about six o'clock Wednesday evening and after agreeing upon their verdict it was sealed and handed to the Court, Thursday morning. Attorney Gleason, who defended Devine, made a motion for a new trial, which will be argued and decided at a later date.

Devine, in a way, is more to be pitied than censured. His is a case of a young man getting into bad company. He was convicted of but one count in the indictment against him, that of highway robbery, due to the fact that he was with Boyle, the actual perpetrator of the crime who not only knocked Lundberg over, but took his money and made his getaway with all the spoils. Devine is an ex-service man and has a wife and child in DuBois. He was very much under the influence of liquor when the crime was committed, and had no hand in the assault on Lundberg nor the actual robbery from his person.

Witness

Miss Betty Campbell, one of the guests at the "Party" given by the boys party in San Francisco. She says she was annoyed at the party by one of the men guests.

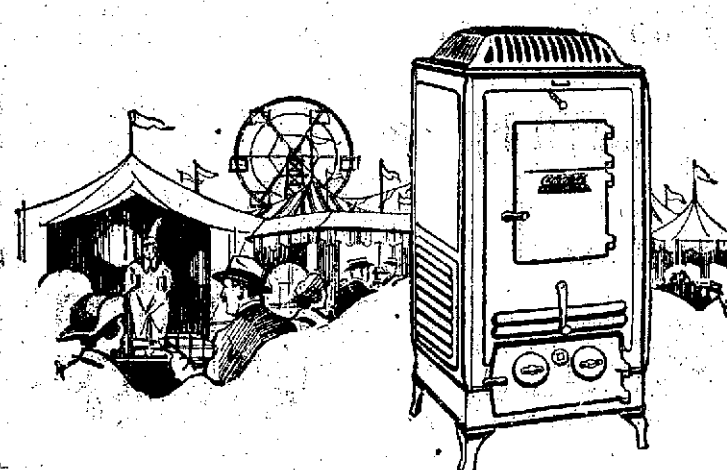

to the fact that he was with Boyle, the actual perpetrator of the crime who not only knocked Lundberg over, but took his money and made his getaway with all the spoils. Devine is an ex-service man and has a wife and child in DuBois. He was very much under the influence of liquor when the crime was committed, and had no hand in the assault on Lundberg nor the actual robbery from his person.

ODDS AND ENDS AND THINGS

"By Skins"

At last woman has made a man out of man. The reformation, in progress since the beginning of time, now is accomplished, and man—the majority, of course—has reached the height of perfection and woman did it. Mrs. Mary Coleman, prominent New York Attorney and club woman, in speaking of the evolution now reaching perfection says:

"Twenty years ago man spent his nights at the club; 203 years ago he powdered his nose in public and wore silk panties; 2000 years ago he cut a woman's head off if he didn't like the part in her hair.

"But today—he comes home, helps wash the dinner dishes, and then goes out and pushes the baby carriage around the block.

"He shaves every day and keeps himself neat and trim. Physically and mentally he is the peer of any past generations.

"The change was brought about by woman. She keeps him at home nights now because she is able to discuss business and politics and he doesn't have to go to the club. She makes him do some of the shopping and be interested in care of the home.

"Why men have nerve enough now to argue with the butcher because there is too much bone in the steak.

"He isn't growing effeminate—he's just found out how to be a man.

Some people sure do get worried over little things. For instance the most worried man in Washington is A. F. Beal, national horologist and official timekeeper for Uncle Sam. Mr. Beal is agitated over the fact that a master clock at the Bureau of Standards, where he is on duty, is losing a 100th of a second a day. If he can't tame its wild ways it will lose almost four seconds in a whole year. Mr. Beal hopes to locate the difficulty, but confesses it is upsetting him.

Andre Brule, a French actor, won the limburger flavored bouquet at a kissing contest staged in Paris recently. He was awarded first honors by a committee of beauties of the younger society set of the French capital after vanquishing some eighty other aspirants, including Americans, Russians, Italians, Spanish and French.

The jury found that Brule's perfect kiss was according to the following procedure: He took careful aim and then, with his right arm waistward and his left foot used as a pivot swung suddenly, implanting the kiss exactly in the middle of the mouth.

The advantage of this method which, it is said, requires long practice, is that the girl has no time to escape. Brule's style consists in seizing the chin softly but firmly in the left hand, while the right hand behind the neck insinuates the head forward.

The jury styled the American kisses as "flaccid," the Russian as "eruptive," the Italian "burning," the English "lepid," the Spanish "vampirish" and the French "chaste."

The osculatory contest was held in the dance hall casino. It was watched by the Queen of Spain and an imposing array of Spanish and British royalty. Brule's reward was a diamond scarfpin, subscribed for by the beauties.

Thousands of prominent women

Pogo-ing

The new, sporty kind of English society is "pogoing." Pogo races feature week-end parties. A "one-legged stilt" is the equipment. If you step off you're disqualified.

throughout the United States, feeling that Prohibition has driven the liquor drinker from the barroom to the home or the social club and is doing great harm in those places, have joined the movement against any more radical legislation. Letters received by Southern members of Congress from mothers assert that young boys and girls are drinking more than ever and demand better enforcement. Recently many women have become members of the Association Against the Prohibition Amendment. At least that is what the "wets" contend.

The average American family of five was receiving the benefits of National Government for \$33 a year before the war. That cost is now \$214.80. In Great Britain the price went from \$102 to \$54,890 in France from \$122.80 to 638.30. The Italian family before the war had a Government charge against it of \$70.70. It is now required to pay \$642.65. The ratio of increase in national debts in these four countries was nearly 1,000 per cent. in military expenditures about 350 per cent. for other governmental expenses more than 70 per cent.

When Dogs Bark.

It is rather curious that dogs bark only when they are connected with human beings in some fashion; for instance when a burglar is suspected to be near. When the dog is alone, he is given to growls, growls, howls or whines. Possibly the act of barking is the dog's method of talking. It would seem like it when your pet dog sees you carrying food and barks as if he were asking for it. Another dog, which is in the habit of going to bed at sundown, will bark to tell you that he is ready when the time comes.

GOOD THINGS.

When a most delightful cake is needed for some special occasion the following will be one to prepare:

Famous Lady Baltimore Cake.—Take one cupful of butter, one and one-half cupfuls of confectioners' sugar, one cupful of milk, one-half teaspoonful of rose extract, three cupfuls of pastry flour, two teaspoonfuls of baking powder, one-fourth of a teaspoonful of salt, one-half cupful of water, two cupfuls of chopped raisins, two cupfuls of chopped figs, one cupful of chopped pecan meats, one-half teaspoonful of almond extract, two cupfuls of confectioners' sugar, the whites of nine eggs. Cream together the butter and sugar named at first; add the milk, rose extract and flour sifted with the salt and baking powder. Beat smooth and fold in the stiffly-beaten whites of six eggs. Bake in three round-layer tins lined with greased paper. Cover while baking, with paper to prevent browning. For the filling beat the two cupfuls of sugar and water together until it spins a thread when it is poured very slowly over the stiffly-beaten whites of three eggs. Beat until of the consistency of cream, then add the chopped fruit and nuts with the almond extract. Put the filling between the layers, and on top. Decorate the top with strips of fig and chopped nuts.

Orange Sweetbreads.—Let a pair of sweetbreads simmer gently, covered with boiling water, for twenty minutes, with a slice of lemon or one of onion and one-half teaspoonful of salt. When parboiled blanch by plunging into cold water. Remove the membranes and cut the sweetbreads in slices and cook in hot fat until lightly browned. Add to the pan the following sauce: One tablespoonful of butter blended with one of flour, this added to one cupful of well-seasoned stock, chicken or veal, and cook until smooth and thick. Season with scraped onion, a speck of red pepper, the juice and yellow rind of half an orange and one teaspoonful of lemon juice. Remove the sweetbreads to a hot serving dish and pour the sauce over them.

Keep Pet in the Pantry

KEEP a supply of Pet Milk in your pantry, and you no longer depend upon the milkman. You have always at hand rich, pure milk in its most convenient form.

Pet Milk is "milk at its best"—just pure, rich milk, sterilized to preserve its purity. Nothing is added, nothing removed but part of the natural water.

Open a container of Pet Milk, when or where you will, and you will find it fresh and sweet. Its quality and uniformity are equally dependable.

For cream, use Pet as it is—or add an equal quantity of water and you have rich, pure milk as fresh and sweet as spring flowers.

Try Pet Milk in your favorite recipe. When you know how satisfactory it is, you will order it by the case. Your grocer can supply you. Two sizes—tall and small. Write for a Pet Recipe Book.

WHEN AND WHY

What do you remember about your history? For instance: there are two important things about the battle of Gettysburg. When was it fought and why does it occupy such a prominent place in history? You know of the Colonial Wars, but what great effect on this continent did they have? What would have been the result had they terminated differently?

It is not the when but the why that prove interesting and the more instructive. It has taken us a long time to find this out. Our national life is now measured by a span of years that makes it obligatory on our part to study cause and effect in history. The history of the old world is the story of her peoples.

It is interesting to learn that there has come from the Yale University Press a history of a new kind; not a calendar of events in chronological sequence, but rather a story of the making of America, written as a narrative, yet clearly depicting the impulses and motives of our forefathers and their efforts in making our country what it is today. It is a relief to us who have tried in vain to hold dates in our memory. It is a boon to the student who wishes to learn the underlying causes of our great national evolution.

Let us learn more of the why of our country's history and we will be better fitted to profit by the mistakes of the past.

WHAT OF THE FUTURE?

A primary election never settles anything but the candidates. It prolongs and agitates all the sore spots and ill feelings engendered during the campaign. Sometimes, through expediency, the bitterest of enemies become bed fellows again, but this is rare. The primary just held is no exception to the rule and its results will be a factor in the respective districts for years to come.

In Philadelphia, the fifty-fifty (must mean half right and half wrong) ticket was snowed under by the Vare contractor organization, which put across every one of its candidates. Those Philadelphians were not strong for the adulterated stuff. It was a rebuke to Mr. Penrose and Mr. Moore, the Mayor. A notice served by the people that they preferred contractor rule to hypocritical reform. They may be right, we are too far away from Philadelphia to be the judge, but in any event, the Philadelphia result will be a big factor in state politics when a governor is to be selected.

Not so in Pittsburgh. There they took the Penrose man in the person of Mr. Magee and voted down Mr. Mackrall, who sought to be the good angel to the good people in Pittsburgh, who evidently did not take him seriously. The Penrose faction is in the saddle in Pittsburgh and if the Smoky City does lose the pennant, they are going to be leaders of the first division in the spring primaries.

But what of our county? Fortunately, we have no such bad situation. The vote here was so overwhelmingly against the "cruel hard-hearted politicians who said there was no sympathy in politics," that they will have little encouragement to attempt to ride over sentiment again. Sympathy was a poor word to use. So was charity. Miss Rumberger needed none of either. What was demanded for this lady was simple justice and it was given in large measure. Her entrance into the field of politics will have a healthy effect.

For Sheriff, Thomas Lowell is an ideal candidate. A gentleman in every sense of the word. A public servant who has more than made good as Sealer of Weights and Measures. A candidate who made a manly campaign and won on merit and popularity among his fellows. The fact that he had opposition of a high calibre enhances the estimate one must put on his standing among the voters.

In nominating such ticket leaders as Arnold, Rumberger and Lowell, the Republican party of this county has put itself on a high plane.

WHERE ARE THESE WETS THEY TALK ABOUT?

Every once in awhile we hear about the awful cry against prohibition and especially against banning beer. One would think that when put to a vote this issue would cause a good percentage of American citizens to drop every thing of importance and rush to the polls to take action that will bring back something with a kick. However, notice what happened over in Cambria in the recent primaries. Time was when Cambria had more beer saloons than churches. Barnesboro, one little knot of a village, had ten saloons. Then they elected a dry judge, Evans by name, who refused all liquor licenses and the sturdy citizens of Cambria found what a good thing it was to be without the saloon. Tuesday they renominated Evans for re-election. His vote was 11,359. Stephens, the other judge, who was an avowed saloon man, polled only 9,177.

WHAT ANDREWS SAID

Mr. C. J. Andrews is a successful manufacturer of hardware. He began forty years ago without any money and has built up a fine business.

A young man who was determined to win success went to Mr. Andrews some time ago for advice. He wanted to learn the secret of his success.

"The best advice I can give you, my boy," said Mr. Andrews, "is to make friends as soon as you can with a good banker and then tell him all about your plans and problems. Your banker can be worth a great deal to you but he must be treated fairly—he must not try to work in the dark."

"And when the time comes that you need a lawyer, you should follow the same plan with him. The man who counsels often with a good banker and a good lawyer will not make many serious mistakes."

Does that strike you as safe advice?

IS LEGION LEADER IN PARIS

Famous New Orleans Ace Heads American Volunteers of French Foreign Organization.

Edgar John Boulligny of New Orleans, famous Ace of the Lafayette Esquad and scion of an old French family has been chosen to head an association of veterans organized at Paris and called "American Volunteers of the French Foreign Legion." When Germany announced its intention of meeting

"all comers," Boulligny was one of the first Americans to volunteer his services for France and was decorated four times for bravery with the esquadron. He is a member of Alvin Karpis post, American Legion.

Boulligny first served with the Second regiment of the French Foreign Legion. When transferred to the Lafayette flyers, his intrepid maneuvering over the enemy lines, eagerness to engage any plane bearing the maltese cross, contributed many of the thrilling chapters which comprise the history of that heroic group. He was transferred to the American air forces when this country entered the fight and became an ace. He also secured numerous remarkable photographs, among them being one of enemy shells bursting over the Rheims cathedral during the first bombardment of this historic structure.

The organization of which Boulligny is president, includes American volunteers who enlisted in the early days of the war, while their country was still neutral, and is intended to include "the bonafide American citizens who served honorably at the front with the Legion, for the purpose of keeping fresh the memory of fallen comrades and furthering friendship among those surviving."

BUSY FOR THE LEGION CAUSE

Head of Washington Woman's Auxiliary Says Workers Will Not Be Found Wanting.

Mrs. John R. Neely has been chosen head of the Washington State Women's Auxiliary of the American Legion. Born in Washington, D. C., Mrs. Neely later moved to the state of Washington where she has been active in club work of Spokane and the entire state. She is, in addition to being president of the state Legion auxiliary, head of the strong National Guard auxiliary, the mother organization and president of St. John's guild. She is the mother of five children, four sons and a daughter. One son fought with the Ninety-first division, A. E. F. Another was with the Twenty-third engineers, A. E. F. A third was an aviation instructor at Kelly Field, Texas, and Issodon, France. The youngest fought with the embattled Second division A. E. F.

"My work in the auxiliary will be a legacy from our beloved sons, who, sleeping in the sacred soil of France, have passed it on to the women of the American Legion," said Mrs. Neely. "It belongs to us by ties of blood. It means a pledge of service to the service men in the name of those they left behind. In the holding of that legacy, God helping, we will not be found wanting."

SECOND HAND CAR DEPARTMENT

Ask the Soda Fountain Clerk:

"Is It Carbonated Ice Cream?"

If the clerk can't serve you "carbonated" ice cream, tell him that you must have it. Carbonated ice cream is the only ice cream that is *always* safe, because it is infinitely purer than any other ice cream made. We spend enormous amounts every year to manufacture this ice cream by the Heathmade carbonating process to make it the purest, hence the safest ice cream.

KEYSTONE

Most good dealers who sell ice cream realize that our ice cream is not only the best, but the purest made. Carbonating makes it so. Instead of freezing it in ordinary air we freeze it in a sterile atmosphere 100 per cent pure. It is carbonation which adds immensely to the flavor of our ice cream.

Better and Nicer

Your tongue will tell you when you taste carbonated ice cream. It is so much richer, more flavory, and smoother. Just as carbonated water brings out the flavor and aroma of delicate fruit juice, so does carbonating bring out the flavor and aroma of the pure syrups and fruit juices which we use in manufacturing our ice cream. Be sure you get our CARBONATED ICE CREAM. Accept no other.

Local Gridders Getting Ready For First Game

Coaches Cutting Down Big Squad. Team Will Be A Fast Light One This Year. First Game With Altoona High On October 1st

(By R. A. VAN NOSTRAND)

The local gridiron defenders of the Red and Black are putting in their preliminary licks with good will and hearty in an effort to whip the Clearfield High School football squad into shape for the opening game of the season, that with Altoona on Saturday, October 1st. Coaches Heisey and Crane are exceedingly optimistic in their views. While admitting the team will be a light one, Crane firmly believes it will make up its loss in weight by its speed, particularly in the backfield.

Sprinters in Backfield

Coach Crane bases his hopes for victory on two—of last year's track team, both fast men, who are playing in the backfield, Torrence and Scott Norris. In addition, Smith at end and Mann at Tackle are also in the speed class. When the team gets down to business it is expected they will develop an aerial attack that will prove mystifying to say the least, and, it is hoped, prove a point scoring factor against heavier elevens.

The Altoona gridders will have the edge on the local squad, when they meet here, as Altoona opens the season Saturday with Juniata.

Cutting Squad Down

First call for football practice this year brought out forty candidates. The squad now numbers 30, and it is not expected to run much below the 25 mark when the coaches finish wielding the pruning shears. As yet Coach Crane can give no definite announcement of the probable line up. He has eight good candidates for backfield positions, 3 likely ends and a multitude of line material.

WORLD SERIES WILL START OCTOBER 5TH

Chicago, Sept. 23.—(By United News)—The first game of the world's series will be played Wednesday October 5th at 2 p. m. at the Park of the National League pennant winners it was decided today.

The decision was reached at a meeting in the office of Judge Landis. The team winning five games will win the championship. Bleacher seats will be sold to the fans for \$1.00, pre-war prices for the base ball clubs.

The series will consist of eight games, in case of tie a coin will be tossed to settle the playoff.

Two games will first be played in the National League park and then two in the American League park and so on in two, until the series is decided unless it develops that both New York teams win the flag in their respective flag. In this event the games will be played in the Polo grounds, each team alternating as the home team.

PITTSBURG PANTHER TEAM HAS HIGH HOPES THIS YEAR

Pittsburgh, Sept. 23.—Football prospects at the University of Pittsburgh are giving the Panther following high hope for a championship team. Four letter-men of last year's eleven are gone—McCrory, McCracken, Edgar and Bond.

Some very promising material is available from last year's freshmen, the best of whom seem to be Fredette, Seidelson, Young, Williams, Shuler and Winterburn.

The schedule is the hardest the Panthers have ever attempted, including games with Penn. Lafayette, Washington and Jefferson, Penn State, Syracuse, Nebraska, West Virginia, Cincinnati, Nebraska is a newcomer, having taken the place of Georgia Tech. Cincinnati also is a newcomer.

On the other hand, DuBois has a veteran team, it is understood, and may mop up with the Curwensvillites in quick order.

The Phonograph that amazed Clearfield can be bought!

There is a rumor abroad that the instrument which triumphed in the drastic comparison test, made last week at the High School Auditorium, was a special exhibition model. That rumor is FALSE. The instrument was a regular Official Laboratory Model,—out of our own stock.

Every Official Laboratory Model in our stock is guaranteed to sustain the same test.

If you were one of those in last week's audience, who wistfully exclaimed: "Wouldn't it be wonderful if I could buy a phonograph like that?"—know that you can. Know that it will perform this miracle every day for you in your own home.

Come in and hear for yourself the Official Laboratory Model's marvelous realism. Find out about our Budget Plan, which enables you to own an Official Laboratory Model for a small down payment, the balance on a gentleman's agreement, to suit your convenience.

Note:—The test at the High School Auditorium, was made by Leeta Corder, the world famous soprano. She compared her living voice with its RE-CREATION by the New Edison. There was no difference between the living voice and the RE-CREATED voice.

The New Edison stands absolutely alone in this achievement; no other phonograph has ever sustained this test of comparison.

Lowell Sherman Claims Arbuckle Never Told Him What Took Place In Bed Room

sisted of a very fine quality of Scotch whiskey and an equally fine quality of gin which were partaken, very freely by everyone present.

"Arbuckle's guests began arriving at noon and by 1 o'clock there were seven present. I went out to phone and when I came back I was introduced to Miss Rappaport."

"I noticed the young lady was rather hilarious, evidently from the effects of the liquor. The next I heard was when Arbuckle came to my room to say the girl was ill. Arbuckle's words were 'that Rappaport girl is sick.' She was then in Arbuckle's room."

Lying on Twin Bed
"I went into Arbuckle's room and looked in the door and saw the young lady on one of the twin beds, tearing off her clothes and evidently in pain. I realized she had something to drink and said 'I guess little girl has a bun on and has indigestion.'"

"The women in the party" Sherman said "took all of Miss Rappaport's clothes left on her and put her into a bath tub. The house physician was later called and Arbuckle rented another room for the girl around the corner from his own."

About this time Sherman told the district attorney, Arbuckle came to him and said "the party is getting a little rough and we had better see what we can do."

The actor said that was the last he saw of Miss Rappaport and that he returned to Los Angeles with Arbuckle next day.

WIFE DESERTION CHARGE NOW UP BEFORE JURY

Harvey Whittle, Hawk Run Man, On Trial In Criminal Court

Harvey Whittle, of Hawk Run, who has been in jail since March last on a charge of wife desertion, was placed on trial at the conclusion of the Pratt-Hitt case. Being without funds the court appointed W. Wallace Smith to defend Whittle. This defendant was before the Court about the first of the year when an order was made requiring him to pay \$48 monthly toward the support of his wife and two children. When released from jail at that time he followed his wife, who was living at Philipsburg, it is alleged, and knocked her down and kicked her several times.

The evidence of Mrs. Whittle disclosed that the defendant was a lazy loafer and wouldn't work. When she had him arrested in December last he had not worked since the previous September and the only food in the house at that time was a small sack of potatoes, a neighbor had given her.

After beating his wife at Philipsburg, he ran away to Annot, Tioga county, where he was arrested.

When placed upon the stand in his own defense Whittle said he had not worked from September, 1920, to December because he could not get work. He also suffered from rheumatism, kidney trouble, appendicitis, lung trouble, mumps and a few other things. District Attorney Arnold said the defendant's trouble was pure downright laziness and aversion to work.

Jury Finds Hitt Guilty

Continued from Page 1

who lives on Daisy street, near the Pratt home, was called but didn't know whether he was there that night or not. Anna Tiedgen corroborated the story told by her husband and said the noise was very loud.

Witness Heard Noise Square Away
George Hay said he heard noise at Pratt house when he was coming up Daisy street and one square distant.

Said there were about two dozen people around the place. H. M. Barton who lived half a block from the Pratt home, said he heard noise at Pratt home from 8 o'clock, consisting of player piano music, singing and dancing and that he had gone over to the house, looked in a window and saw a crowd dancing.

W. J. Leavy was called to give testimony regarding a conversation alleged to have been held with Mrs. Yarnotti regarding the case but the

defense objected to his testimony and it was excluded.
The jury retired about 3 o'clock and returned at 4:30 with a verdict of guilty.

True Wealth and Happiness
Omar had the right idea of what constitutes wealth and happiness. A loaf of bread, a jug of wine and thou—under the bough, meaning food and drink and shelter and congenial companionship. Another poet expressed the same belief in slightly different language: "Give me neither poverty nor riches; feed me with food convenient for me."—Exchange.

Women Love to Be Bossed, He Says

You remember Rudolph Valentino in "The Four Horsemen of the Apocalypse"? Here he is in "The Sheik," in a love scene with Agnes Ayres, proving his belief that you can make a woman love you if you use brain and brawn to dominate her. "Women like it," he declares.

"MARGIE" TO SHOW AT DRIGGS TUESDAY

A fountain of cooling refreshment coming as a welcome diversion to theatre-goers will be the McGregor Company's production of "Margie" with Elmer Coudy in the principal comedy role, at the Driggs Theatre next Tuesday. It will be the most gorgeous and pretentious musical comedy production of the season.

The cast is one of the most distinguished and brilliant ever assembled for a musical comedy. The company numbers about thirty-five including a "super-beauty" chorus of

girls, gathered from all parts of the country. "Margie's" biggest asset is its comedy. It is foamy with foolishness and brimful of beauty.

TWO MORE VICTIMS OF BLAST ARE DEAD

Philadelphia, Sept. 23.—(By United News)—Two more victims of the Atlantic Refining Co. Explosion at Pt. Breeze, Sept. 14, died early Thursday in St. Agnes hospital. The latest victims were Thomas Kalkins, 40, of Mifflin, Pa., and John Patrick, 35, of this city.

The tongue of the frog is fixed to the floor of its mouth, near the lip; when not in use, the tongue lies back, pointing down the throat. The frog is very adept in the use of his tongue.

Lines to Be Remembered.
The origin of all mankind was the same; it is only a clear and good conscience that makes a man noble, for that is derived from heaven itself. —Seneca.

Daily Thought.

MARY ALDEN AS THE OLD MOTHER
IN "THE OLD NEST" by RUPERT HUGHES
A GOLDWYN Picture. Directed by REGINALD BARKER

A Remarkable Picture Opens A Two Day Run At The Driggs Theatre Tonight

By Dr. Frank Crane

"The Old Nest" is—LIFE! It is the COMEDIE HUMAINE—the great, gripping, absorbing drama of the Actual.

—all the people in this story are alive. You get no impression of stuffed shirts, false whiskers, or play acting.

—Hughes has taken down one wall of the American home of today and you walk in and know the family. —it is of the Mother, the Father and the Children—the trinity of that same plot a hundred million Americans are playing.

—one of the greatest of all stories because its theme is the greatest of all themes—Life, and Life now, here, yours, mine.

—all bitter and sweet, and sad and glad, and majestic and petty, and divine and pitiful.

Little Real Graham Flour.

Graham flour derives its name from Sylvester Graham, a Connecticut clergyman, who advocated the use of unbolled wheat flour as more conducive to health than white flour. His contentions have been fully borne out by recent discoveries in regard to vitamins. Much of the so-called Graham flour sold now is, however, merely white flour mixed with a little bran, or flour so coarsely ground as to be unpalatable.

The KITCHEN CABINET

Fearless minds climb soonest unto crowns.—Shakespeare.
Stick to the friend who makes you believe in yourself.

WHAT TO EAT.

Those who enjoy the little French cream cakes need not fear to make them at home, for they are very simply made. The baking is quite as important as the mixing.

Cream Cakes.—Put one-half cup of butter, one cupful of boiling water into a saucepan. As soon as the mixture is boiling, add one cupful of flour all at once, stirring vigorously until smooth. Remove from the heat, cool a little and add four eggs, beating well after each, adding them one at a time. Drop the mixture by spoonfuls on buttered sheets leaving room to rise and spread. Make them as circular as possible, with the mixture high in the center. Bake 30 minutes in a moderate oven. A little experience will tell you by lifting them from the pan whether they are well done. They feel very light. Cool them and slit with a knife on the side making a large enough opening to fill with a sweetened and flavored whipped cream.

Sausage Potatoes.—Select large new potatoes and with an apple corer remove the centers lengthwise. Fill in with little sausages and bake on a rack in a dripping pan in a moderate oven. Serve with the gravy seasoned and thickened. A rolled-up slice of bacon may be used instead of the sausages if desired, or chopped meat seasoned with minced onion may be used, stopping the ends with a bit of the core taken from the potato.

Pineapple Delight.—Take a small can of sliced pineapple, cut in small dice; cut in quarters one-half pound of marshmallows, and soak them for some time (until soft) in the pineapple juice. Whip one cupful of cream, add flavoring and stir in the pineapple and the marshmallows. Serve in sherbet cups, garnish with a cherry or bit of Canton ginger.

Apricot Sherbet.—Take one quart of apricots, put through a sieve; add the juice of a lemon, and one cupful each of sugar and thin cream. Mix well and freeze as usual. (Serve in sherbet glasses. This makes about two quarts.

WALKER-McKEON

Thursday evening at the Trinity Methodist parsonage, the Rev. W. W. Hartman united in marriage John Walker and Lola McKeon, of Lecontes Mills, the ring ceremony being used in tying the nuptial knot. They left on a short wedding trip, taking the Pennsy train east, and upon their return will reside at Lecontes Mills.

ENGLISH—McDONALD

Mr. Charles O. English and Miss Miss Marian McDowell both of Bradford township were united in the bonds of holy matrimony Wednesday morning, Sept. 21. They were attended by Mr. Kenneth Maines and Miss Viola Maines. The ceremony was performed by Rev. John P. McCurdy at his home 115 Cherry street. A sumptuous wedding supper was served at the home of the bride's parents. The bride is a daughter of Mr. and Mrs. Will McDowell and is a most estimable young lady. The groom is a son of Mr. and Mrs. McCormick English and is held in high esteem in the community where he lives. They have the best wishes of a host of friends. They will reside in Bradford township.

Orthographical Verification.

It is the common opinion that the Irish dearly love a scrap and that without something to stir their passions they would become dull and spiritless. Is this opinion justified? We can only answer, in our flippancy, that obviously the "ire" cannot be removed from "Ireland" without at the same time removing a portion of its "elan."—Boston Transcript.

What Makes Joke Good.

Those who joke badly suppose that a joke is a frivolous way of saying something which, but for human weakness, one would say otherwise; but, in fact, a good joke is good because it could not be said otherwise; it expresses a truth in itself humorous, and when it occurs in a speech or in literature it comes because it must. So the best jokes depend on their context; in a way they are practical jokes, made by events, like a good repartee, which would be nothing but for the remark which has provoked it.—London Times.

O'BRIENS

A mother's problem—what food gives back the energy a child uses up daily?

CHILDREN use up a tremendous amount of energy every day. Every mother of a healthy, sturdy youngster will testify to this. Children need richly nourishing food to supply this energy, and also to supply food for growth.

The selection of this food is your most important duty. You cannot give too much care to this matter. Grape-Nuts, the rich, wholesome cereal, made from whole wheat flour and malted barley, with milk or cream, supplies very necessary requirements for the growing child.

If you want to help your children to be rosy, sturdy, full of vitality and vigor, give them plenty of delicious Grape-Nuts, crisp, sweet and satisfying.

Go to your grocer today and get a package of health-building Grape-Nuts. Give the youngsters this invigorating food with milk or cream, and see how they will thrive on it and grow strong, robust and sturdy.
